Kapitel 12: Die, Fucker Die!!

Please die.
Die, Fucker, die!
And kill my love.
Kill me.
Just to end what you begun.
Just cut to deeper into my heart.
False emotion.
Living in a lie.

But the tears don't fall apart.
They run onto my face,
Leaving a black line,
Running into a deep sea.
The tears I'd cried for you,
To you.

Hate...
Flown to my soul...
What about our pledge?
Forgot it,
Miss it,
Lose it.

There will never be a happy end.
As long as I love.
Let me lose the feeling.
Raped by pain and emotions.

Die, Fucker, die!
Because I want to live.
I don't want to die because of you.
I want to live.
So please die.
You, just living is a pollution
So please die.
Don't you understand?

You have to DIE!!

...because I want to live.
