

Ling-Chang's Lyrics

Von Ling-Chang

Kapitel 30: Never, No, Never

You fought against faith!
Yes, you did, but it won.
I want to meet you again 'cause my heart hurts.
So much misery, I learned to know!
When I lost my way after you were gone,
I lost my target.
LIFE!

Let me live again!
I miss laughing, feeling,
I stray from my life!
It's so far away, but
I'm running after, after and after it.

I'm forced to follow you into death,
Between fire and tears,
It's ending ...
Sad Ending, Gomen Nasai!
Never the less I want to live!

Let me go, I need to walk my way.

My way,
You made plans
But did I want to go this way?
You never asked ...

You never thought of my childhood!
Never, no, never!
It wasn't happy,
Only sad.
You cried, when she left,
Because of illness.
Did you think of me?
Never, no, never!

Let me go, I need to walk my way.
Thank you, mum.
Thank you, dad.
Thank you little brother.
I will go my way,
Walk along and never forget!
Never, no, never!
