### Kapitel 1: You're at the Christmas market with him and walking through all the booths that has food, sweets, toys and Christmas decorations

#### TOP:

Walks beside you. Stops all of a sudden and stares at something. The next moment he is already running to one of the booths that has sweets.

"See. They have red bean donuts." He is shouting to you and looks at you with puppy eyes to get your allowance to buy some.

You're nodding at him because you know how much he loves them and after some minutes he came back to you with the things he has bought.

When you look closer you can see that he bought nearly the whole booth. The only thing you can do is to sigh.

#### GD:

While you're walking he starts to batting he's hand against yours. You're looking down at your hands because you want to know what he is doing but he doesn't stop batting it against yours. Because you got annoyed of it you grab his hand and look at him. "What are you doing?" He starts to smile and is linking his fingers with yours "I thought you would never take my hand"

#### Daesung:

You hear him squealing and start to look at him. When you look at were he is looking you see a Doraemon doll. No wonder he squealed, you thought. Together you walk to the booth and look at the doll. You ask the shop owner how much it is because you know how much he wants it. But all of a sudden Daesung starts to drag you away.

"What's wrong?" You asked looking at him. "Don't buy that doll. You said you want to have some cotton candy." You're looking at him surprised and try to object but he stops you. "We can share the cotton candy. But I don't like to share the Doraemon doll." He continues walking with a big smile while you're just watching him with your arms crossed.

#### Taeyang:

You both are walking quietly without saying anything. After some time he looks at you. "Are you cold?" You don't want to make him worry and shake your head as a no.

But he sees your red nose and starts to smile. He takes his long scarf and wraps it around you two so that you can share it. Because you are bound on each other you have to walk really close to each other. It's really hard to walk like that because your arms in the middle don't have enough space. He stops to walk and you stop too. You're looking at him interrogative and he lifts your arm that's next to his to put his other arm around your waist. "It's better like that" he says and you both continue walking.

**Seungri:**

He is swinging his hand that is holding yours. "Why are your Hands so cold?" He looks at you, takes both of your hands and starts to rub them to make them warm. "No wonder. It's really cold today" you answer smiling because of his action. "Are you cold?" He continues to ask you and you nod.

He starts to grin, comes closer to you and hugs you to warm you up. "Better?" he asks and you nod again. He comes closer to your ear and starts to whisper. "I know something else that will warm you up much more." You push him away from you and hit him on his arm. "What??" He asks you with big eyes. "I was talking about tea!"
