for you

a gracefull godlike beautifull boy
is softly guilded by the moon
of boys beauty we have spoken so many times,
but now i lose myself,in a nightmare so cruel.

oh boy,please hear the sinnes prayer
my deep love for you is so true,won't you really,really care?

refrain-----
i'm on my knees,most noble boy.
i tremble all my many words are gone.
you,let us falling in love,right now.
let us flee and hide for the nightmare.

here i'm lost in waves of deeply darkness.
who am i?
lover and sinner are my titles.
am i really dead?
i don't know .

would you give me a kiss?
on my dark desert in my heart.
angels and so many devils on my site.
guiding me and you out of heavens fire,of burning blood and mind.

refrain-----
i'm on my knees,most noble boy.
i tremble all my many words are gone.
you,let us falling in love,right now.
let us flee and hide for the nightmare.

holy fire my poor broken soul is so cold,frozen in the night.
i still alive?
oh boy,onegai hear the lovers prayer.
my deep love for you is so true,won't you really ,really care?
