

Sky, blue sky

Von -cRasH_tRaP_PsYchO-

Sky, blue sky fallen on me.
Sky, blue sky changing me.
Tears fallen down, so slowly, I can hear their scream.
Sky, blue sky never shining on me.
I don't want to show my own emotion,
I fear your terrible pollution.
I wanted too much, I'm feeling your deadly touch.
I was thrown into darkness of pain,
MY lost is what YOU gain.
I'm playing dead, but I'm still living
Surrounded by dark
Cutting the silence like the teeth of an shark
you know they're right
only ones you want to see the light...
the sky, blue sky
but you're guilty

...

Dein Antlitz hat mich berührt,
dein Leuchten mich erhellt,
deine Worte mich beflügelt,
dein Lächeln mich besellt,
fühle den Himmel, blau so blau
reich mir deine Hand
"Ich werd dich nie mehr lassen."
Schließe die Augen, spüre den auffrischenden
Wind auf dienem Gesicht
strahle in die Welt
lass alle diene Wärme spüren,
durch sie wirst du stark.
