Kapitel 1: Privacy

Welcome to my Self
Something no one ever saw before
You know
There's something hurting me
And I don't want to hurt you

Guess there's nothing white or blue
Nor black
That's why
I love you when you're gone
I hate you when you're here

'Cause you taste just like the wind
Something unable to stay
And I pray that I'll feel
The same way you do
'Cause your touch's just like the sun

Welcome to my world
A little strange it seems
I guess
Hope you understand me just a little
'Cause I think it's something worth

I don't feel the same as yesterday
But I can't feel the same way you do
So I
Just say "Yeah me too"
When you tell me you love me again

'Cause you're sweet and I guess
That I like you so much
And I pray every day that I'll feel
The same way you do
'Cause you kiss's just so smooth

Kapitel 2: Porträts

SELF-DELUSION

Something 'bout kings and slaves

It is really no big deal
Being friendly to your slave or to your king
'Cause you know he will be glad
Hearing "Thank you"
Go ahead
And your king?
Well, he knows you *will* be friendly
What a fool wouldn't crawl and lick his boot?

Being friendly to the people
Which are not the same as you
Is much easier, that is
Well, you know
'Cause you do it for yourself

Being nice to someone other
Someone who's mercy you needn't
Or who gladly smile and tell you
What an awesome guy you are
It's much harder
Yeah, believe me
'Cause it's nothing for yourself

But the people who can do it
They are able to believe
In this love and peace and beauty
Yeah, they always die the first

So please be friendly to each other
Even if it's nothing worth
For you
Because maybe, only maybe
You can save someones's one day
And please remember that this person
Could be gone another day

Kapitel 3: Issues

ISSUES

Yeah you never liked this
"O take care and come back safely
to your waiting , loving wife
and remember, I love you darling
so let me kiss you now gooddbye"

Yeah it sounds just like this oddly
happy memory from the 60-ies
'Bout the willing doe at home
and her man who are at work
Maybe flirting with the clerk

So what happend to you lately
What is all this shit about
Why does his "I love you, baby"
Really touch you from inside

Yeah I know you don't believe him
You really have an icy heart
Never learned to trust a person
Now you're so tangled and puzzled
No one ever touched you by your heart

Yeah I guess that's why this phrasing
Sounds so suddenly amazing and so new and great to you
And your cold and so proud heart
To your surprise just so suddenly starts to melt
Apart right in front of you

Kapitel 4: Autonomy of decision

Autonomy of decision

So you don't want to miss out nothing
And you live right here and now
You never wait for someone's acting
You always come over and take a try

And I take my guitar
Which is standing in my room
And I try to play a song
To express my heartstrings

You never regret nothing
'Cause you do just what you want
The people which are tattling
Can't never change your mind

And I wonder now
If there are some chords
That are able to say
What I can't with words

You take just what you want
And don't care if someone gets hurt
I guess youz're just scared
To lose

Kapitel 5: Definition of a tear

WAR GAMES

Definition of a Tear

She said
My love you look so pale
He said
The sky's so grey today

He picked up
The old guitar
Which wasn't in tune
That was ok
It was at war

He sang some words
No melody
About some hopes and dreams
And memories
And love and love
That wasn't there
It should be though
He thought
And took some air

When she then cried
Because the tune so sad
He touched her hand
Just to make sure
She was still there
And to demonstrate he was with her
Because he knew
She was alone

The bullet came
When he kissed her
Without an alert by the foe
'Cause that's not what a foe is for

The bullet casing fell to ground
The combat boots they walked away
When something liquid and red

And warm and warm
Splattered across her arms and legs
And lips

His fingernails cut into skin
He clinged to her
And caught some breath
That wasn't there
Red liquid came
Out from his mouth
Onto her skirt
But it was dirty anyways

When he then died
He looked at her
With nothing said she understood
He closed his eyes

She touched his hand
With just her fingertips
And laid him down
Onto the cold, white earth
When snowflakes started falling
Onto his white skin and bloody lips

My love you look so pale
She said
And then she cried

Kapitel 6: Autonomy of decision 2

When I say yes
And you say no
Why is your opinion
more right?

Kapitel 7: Letters to yourself

Dear God
Tell me what should I do
Everytime I make a choice
There's someone who must pay
And I swear to myself
I'd do it right
The next time

Dear God
Why does everyting goes wrong
When you try to make it right
What's with the 'right things'
And these ideals and dreams
You always try to achieve

Dear God
Tell me is there any use
In making desicions
Whether right or wrong
'Cause someone's gonna pay anyway
So would you say
There's no right or wrong today?

Dear God
Perhaps we should die
Or just get some sleep
Maybe there's only right
What we say it is
And maybe we all have to pay
For what others do

Because someone's always gonna pay
For your sins anyway
So maybe there's really no right or wrong today
Just different opinions
And the ones with louder voices

Kapitel 8: Insomnia 2005

INSOMNIA
2005

So what are you supposed to do
When he tells you
He wanna die again
And you want nothing more
Than to close your eyes
And to sleep and don't listen no more

Yeah you know he could be gone
The very next day
And you were the one to blame
But you just can't listen to it again
You can't do nothing
'Cause you don't reach him anyway

He's just so obsessed with his problems
You know there many of them
And he sees nothing but black in his every day
And you want him to see the sun again
But it seems like he just don't want to

Yea maybe some sleep would do him good
Maybe he just needs some dreams
But maybe he's got nothing he could dream about
And he don't share your dreams no more

So what are you supposed to do
In the middle of the night
When you just wanna close your eyes
And sleep and don't think no more

Kapitel 9: Theory Of Raining

Jedesmal wenn du weinst
Regnet es
Und ich frage mich ab und zu
Ob es Gott ist, der mit dir weint

Ein Mensch so voller Energie
So traurig und kühl wie du
So anders und doch immer gleich
Dem Winde gleich
Mal hier mal dort
Wenn man dich sieht
Bist du schon weg
Fast als ob du etwas suchst

Weisst du , dass die Sterne,
die man am Himmel sieht
schon längst verbrannt und tot sind
wenn du nach ihnen schaust?

Ich glaub du weißt nicht wer du bist
Oder du kannst dich nicht entscheiden
Und willst deshalb gleich alles sein
Weil dir das eine Lösung scheint

Wenn man dich sieht
Bist du schon weg
"Es ist nichts so wie es scheint"
Too much illusion of your true self
You hold up for all the people to see
Never your true face
'Cause maybe there's nothing to see behind it all
Unsustainable reasons
Maybe they're lies

God's crying
You know I think it's true
God's crying when it rains
God's hurting himself
God wants to die

"Und er schuf den Menschen nach seinem Ebenbild"
Wir sind genau wie er
Denkst du also
Er ist genau wie wir?
Bedeutet das er weint

Wenn du weinst
Er stirbt
Wenn du stirbst
Denn er ist du
Und du bist er
Es sei denn du glaubst
Etwas anderes

Kapitel 10: Das schwarze Kreuz

Das schwarze Kreuz
Mit Wut und Stolz
In deine Haut gerammt
Gebrannt

Mit Schwuren belegt
Und doch verdrängt
Verschwindet bald im
Sonnenlicht

Was nützt dir Wut
Was nützt dir Stolz
Wenn du dann doch
Den Mut vergisst

Wenn dieses Kreuz
Wieder verblasst
Und du da sitzt
Die Uhr anblickst
Und dich nur hasst
Und hasst und hasst
